

Hello!

Since the appearance of our catalog last March, manufacturing costs have risen considerably, forcing us to raise our prices. Also some of our products were grossly underpriced from the beginning, such as our Elf Boots.

The new prices are listed below:

JENSEN PACK.....	\$ 65.00
GIANT JENSEN PACK.....	70.00
BOMBSHELTER TENT.....	200.00
ELF BOOTS.....	28.00
METHEDRAS SHELLS.....	18.00
METHEDRAS MITTS.....	10.00

In addition to these changes, we have discontinued Dachstein Mitts since their performance simply does not match up to the Methedras Mitt, and customers' orders reflect this fact. The Dachstein Seater is now available in grey only.

Thank you for your interest in Rivendell Mountain Works. We hope your days in the wilderness this year have been fine ones!
